

## REMARKS

In the specification, the attached Sequence Listing is being replaced to correct minor editorial problems. In particular, SEQ ID NO:1 and SEQ ID NO:2 have been erroneously designated to be Homo sapiens sequences rather than Mus musculus sequences. Support for these amendments can be found throughout the specification, such as at page 21, lines 4-5 and page 25, lines 23-24. A hard copy of the replacement Sequence Listing and a diskette of the replacement sequence listing, along with a Statement as Required Under 37 C.F.R. § 1.825(a) and (b) and Statement as Required Under 37 C.F.R. § 1.821(g), are included herewith.

Respectfully submitted,
